All

We are cancelling the TCT meeting scheduled for next Wednesday, February 22nd. We will be having an FS team meeting the afternoon of the 22nd from 1 to 5pm in the Oregon Operations Office Conference Room.

FS Team - FS Review Strategy Meeting

The overall goal of the FS team meeting is to develop our draft FS report review strategy, including roles/expertise, and the overall review process and schedule. We will also discuss any initial reactions to the January 17th deliverables, and work that we may want to move forward as prior to and concurrent with the FS review. This will be an internal working meeting, primarily intended for those who will be participating in the technical review of the draft FS. We will follow-up and report back to the full TCT after the meeting.

A meeting outline/agenda is attached. We won't be covering all of these items in detail, but will be using it as a tool to facilitate our discussions. Please let us know if you have any questions.

thanks
chip
